

Manufacturing Plant Manager—Milwaukee, WI

JAX INC. is a privately held lubricant manufacturer of high-technology industrial, synthetic, and food-grade lubricants that distributes worldwide. We produce conventional and extreme-performance synthetic lubricants for industrial, manufacturing, transportation, construction, food processing, and numerous other industry segments.

We currently have an opening for a **Manufacturing Plant Manager** for our plant in Milwaukee, WI. It is a salaried position based in Milwaukee, and requires less than 10% travel. Pre-employment and random drug testing are required.

SUMMARY:

As the JAX Plant Manager you would be responsible for plant operation and maintenance. You will help establish plant policies and procedures as well as plant production goals. This position will also foster and manage a well-trained and motivated staff. An ideal candidate would have a background in manufacturing or production with some experience managing staff.

RESPONSIBILITIES:

- Direct and coordinate plant operation within company guidelines
- Define, create, and execute project work plans and meet goals while revising as appropriate to meet changing needs and requirements
- Identify resources needed and assign individual responsibilities
- Manage day-to-day operation of the production facility while maintaining a clean, safe plant
- Work with our customer service, sales team, and controller to ensure coordination of purchasing, production, and on-time shipping
- Efficiently identify and resolve and/or escalate production issues in a timely manner
- Establish and maintain a positive plant atmosphere while keeping the staff well trained and motivated
- Encourage use of new techniques that improve efficiency with no sacrifice to product quality

MINIMUM QUALIFICATIONS:

- Proficiency with typical office software
- Excellent analytical and problem solving skills
- Positive attitude and ability to work in a team setting
- Self-motivated and ability to deal with pressure in a fast moving, successful organization
- Strong leadership skills and ability to communicate with both plant workers and management

PREFERENCES:

- Minimum of 5-7 years in a production environment
- Managerial Experience

If you are interested in this opportunity, please forward a resume to pltmgr2012@jax.com.
